<sup>a.</sup> Any funds to satisfy Formula Current Assisted Stock litigation should be derived from additional appropriations or another source and should not be allowed to cause harm to IHBG recipients.

<sup>b.</sup> To Be Determined. NAIHC membership has expressed a concern about the quality of training provided by HUD contractors.

<sup>c.</sup> Entitlement program - no appropriations needed

\*\* As part of the agreement between the President and bipartisan congressional leaders, all discretionary programs would be subject to an across-the-board 0.2 percent rescission.

\*\*\* The CR provides for a reduction of \$1.1 million in the Rural Housing Assistance Grants pool, which funds Section 504 loans, Section 533, and some other smaller programs.
